Successors to THE NELSON-PHELPS CO.

Clinton Building

COLUMBUS, OHIO

1904-05.

With this issue of our catalogue we announce the change from our former firm name—The Nelson-Phelps Co.—to W. H. Phelps & Co., and that we shall continue to serve our many friends with the same excellent class of goods, fair treatment and promptness which has characterized this well known house.

We believe that we have just cause for the feeling of pride and satisfaction that is ours; pride because of the distinctive reputation we have won among college folk of making the best and most attractive line of Pennants, Flags, Banners, Cushions, Etc., Etc., on the market; and satisfaction by reason of the immense growth in our business which has been the reward of our efforts.

We have given no mean amount of thought and labor to make this Catalog and Price List cover the ground completely in a most condensed as well as comprehensive form. Heretofore we have illustrated our goods by colored plates, but, owing to the difficulty in procuring true tints, the representations were often misleading, hence we have discontinued their usage. The illustrations presented herewith are reproduced from photographs of the original articles and are therefore correct in every detail.

To a great many people there is little or no difference in the quality of a pennant, banner, cushion or whatever the article may be. To this class there seems to be but one thought—the size, how large an article they can get for their money. They apparently have the idea that the work is entirely mechanical; that some sort of machine does the whole business, and that to decrease the cost it is but necessary to turn on more power. However, we feel there are enough people who appreciate the quality of material used, the artistic results a first-class designer produces, and the perfect workmanship effected by the employment of the most skilled labor to justify the effort we are making and it is to this latter class that we address ourselves.

COLLEGE & FRATERNITY PENNANTS

FELT PENNANTS

While our efforts are equally divided among the various articles which we produce, yet we take particular pride in our Felt Pennants for the more prominent reason that they are the original and were for a long time the only article which we manufactured. They have well merited the distinction of being the foundation of our success.

In the production of Felt Pennants we employ only the best of materials and the most skilled workers. Our feltings are direct from the leading mills of this country and are of the highest quality procurable, embodying a beautiful lustre finish and perfect colors, many of the shades being dyed especially for us. The ribbons are best grade satin and gros grain, pure silk throughout and parallel with the feltings as regards color. The entire Pennants are stitched with all silk thread. In short we have included in the making of our goods only the best of everything from the most important to the most insignificant details.

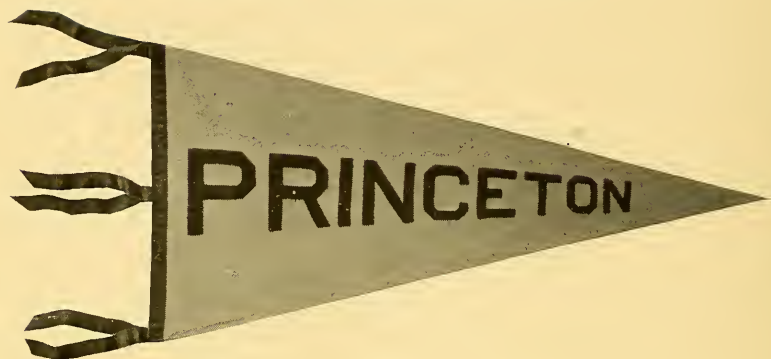

We do not claim to make a grade of goods which others may not, but we do maintain that we are offering the very best and most artistic pennants which can be produced, and at moderate prices.

The illustrations appearing herein are reproduced from photographs taken from the original articles. The numbers significant of the various styles represent the shape and design of the Pennant proper and the style of lettering or emblem, and in no instance do they relate to the lettering. Any lettering desired may be placed on any of the numerous styles, and in any combination of colors wanted.

When ordering be careful to write your name and address plainly and give explicit instructions. State number wanted, lettering to go on same (printing letters schoolboy fashion thus: **YALE**), style, size, colors and all information necessary for us to produce precisely what you want. We carry an immense stock on hands from which we can usually fill your order to the smallest detail, but in event that we do not have just what you want in stock, we gladly make it up especially for you and never substitute.

We are familiar with the correct shades of all the leading Colleges and National Fraternities, but request our customers to attach samples of colors when ordering Flags for local Fraternities, Sororities, Societies and Classes. It must be remembered that there are many shades of the various colors and we will be pleased to match your colors perfectly if you will send sample clippings and thus assist us in making you a correct flag.

FELT PENNANTS

101

The Pennants listed below, illustrations of which appear on this and the page opposite, are styles most generally adopted by Colleges and Schools but by no means exclusively, as they are frequently preferred for Fraternity and Society Pennants.

This shape, triangular, is technically termed "pennant," from which is derived the name applied to College and Fraternity flags in a general way. They are made in two proportions, namely 1x2 and 1x3, from which we vary in a few sizes to facilitate economy in cutting.

Made in any combination of colors and any lettering desired.

Styles 101, 106, 111, 116, 121, 126, 131, 136, 141, 151 and 153.

Pennants measuring ten inches or under in width at heading have two sets of double ribbon streamers for tying to staff and sizes twelve inches or over at heading have three sets of double ribbon streamers. We can make sizes 30x60 inches and larger more serviceable by substituting for the ribbon a strong canvas heading set with brass grommets, or eyelets, when so ordered. Unless the canvas heading is specified in your order the pennants will be made regular with ribbon streamers.

A variety of names have been applied to this shape Pennant, correctly called Burgee, by both makers and customers which has made misunderstandings not infrequent. Our feature of placing all shapes under the one name of Pennants and giving a style number to each of our many designs eliminates any possible error in ordering.

Styles number 301 to 341, inclusive, are made in the more popular proportions of 3x6x1, and also 3x9x1, the latter making a graceful effect when extremely long names are necessary.

FELT PENNANTS—Continued

The rectangular flag has become quite popular for numerous purposes, most prominent among which is its general adoption for Official Fraternity Flags. It is also well adopted for Chapter flags, accommodating letteting representative of both Fraternity and Chapter in a variety of pleasing and well balanced arrangements.

These flags are fitted regularly with three sets of double ribbon streamers. In the larger sizes we can substitute for the ribbon a strong canvas heading set with brass grommets, or eyelets, when so ordered.

These flags are made up in the standard proportions 2x3.

Styles 601 and 631.

LEATHER PENNANTS

Leather Pennants were originated by us and placed on the market for the first time last season. They met with immediate success and have steadily grown in popularity as an inside decoration.

Leather pennants are made entirely of Velvet Finish Sheep Skin, body, letters and streamers, and are stitched with pure silk thread.

We carry in stock at all times a complete line of the standard colors and can make up the Pennants in any of our numerous designs.

LEATHER BANNERS

2111

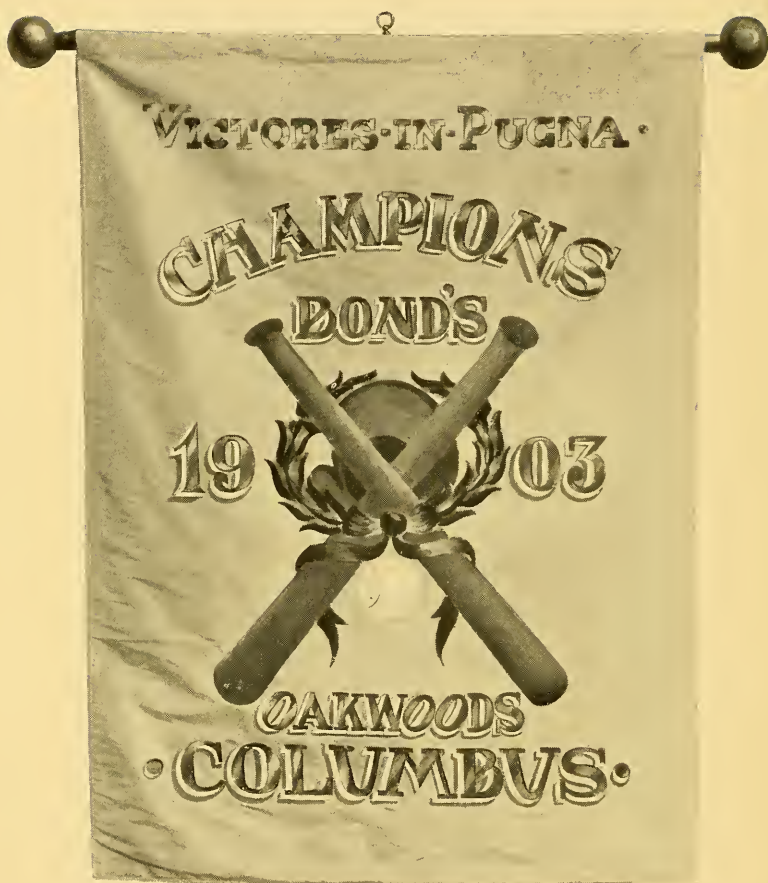

The above plate illustrates one of our many original creations which has met with great popularity for Chapter House and "Den" decoration. The banners are made of Velvet finish Sheep Skin, the colors of College, School or Fraternity being combined in a very pleasing and artistic manner. The designs are made of as many different pieces of leather as there are colors employed and in no instance are the colors painted. All leather used by us is colored in the process of tanning.

In making up the Banners bearing Coats of Arms, Shields, Badges, Monograms, Etc., the correct colors are placed on the banner proper, to which is added sufficient pyrography to give the design character and life.

2111—Full skin of Velvet Finish Sheep, bearing Coat of Arms, Shield, Badge, Emblem, or Monogram in correct colors.....Each, \$6.00

2121—The lower half of Velvet finish Sheep Skin, measuring about 3 to 4 square feet, upon which is stitched leather letters representative of College, School or Fraternity in correct colors.....Each, \$3.00

We can supply you with plain skins for your own decoration at \$1.75 and \$2.00 each, according to size. A full skin contains from 7 to 8½ square feet. All of the standard colors are carried in stock.

SILK BANNERS

With unsurpassed facilities in Silk Banner making we are enabled to supply our patrons with anything they may want in this line.

Silk Banners may be made by painting the lettering on in gold leaf and pure oil colors, hand embroidering it, or sewing silk letters on. They may be trimmed and mounted in a variety of styles to suit the purpose and taste of the customer.

As the price of Silk Banners depends upon the style and amount of work, size, trimming, etc., we request our customers to send us a description of the banner wanted and about how much money is to be expended for the article. We will then be pleased to submit a special design, complete descriptions and quote lowest prices.

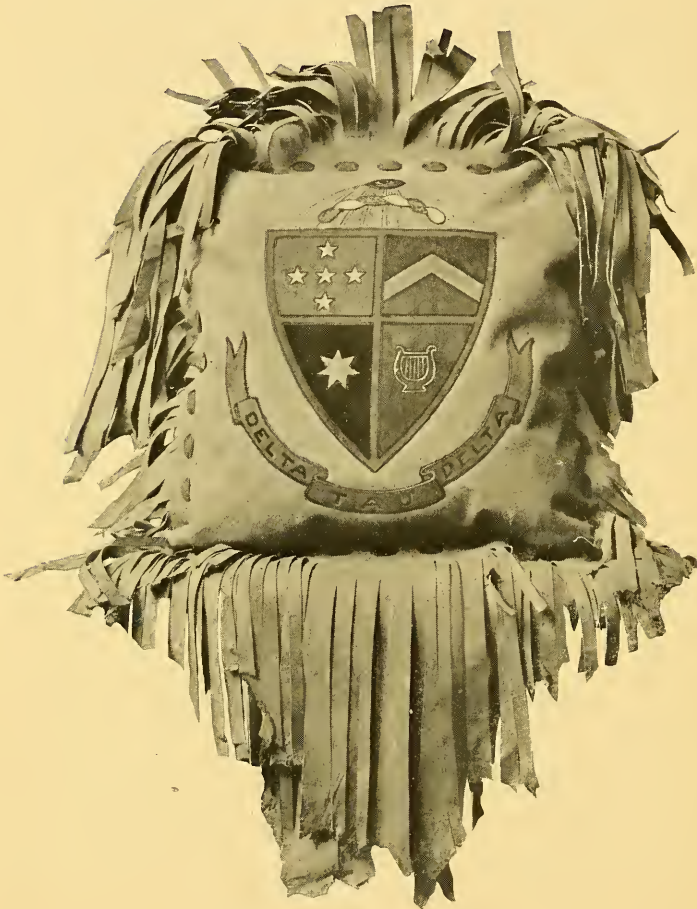

FELT BANNERS

Felt Banners are not infrequently found a most acceptable substitute for Silk Banners when the latter are too expensive for various purposes.

The Felt Banners may be made in innumerable styles, and prices cannot be quoted until we know size, lettering and trimming desired.

Write us stating purpose for which the banner is wanted, about what amount is to be expended for it and we will tell you just what we can make, submit sketch and quote prices.

LEATHER CUSHIONS

3123

Leather cushions have met with great popularity for Chapter House and Den decoration, being true works of art and at the same time useful and durable. They are made by original methods of the finest quality Velvet finish Sheep Skin, colored in the process of tanning. The designs are made of as many different pieces of leather as there are colors employed and in no instance are the colors painted. The work includes sufficient pyrography to give the designs character and life.

The Cushions are made with silk floss pillows (accepted as the most sanitary) and are finished complete in every detail.

SILK CUSHIONS

We are excellently equipped for making Silk Cushions of the highest quality and most artistic effects, including Lettering, Coats of Arms, Badges, Monograms and an endless variety of designs.

The letters or designs may be sewed on, hand embroidered or the two combined, the work being done by the most skilled needleworkers.

Prices of Silk Cushions depend on the elaborateness of the design and the process and amount of work required. Let us know what you want and we will quote prices and send complete descriptions and sketch if desired.

FELT CUSHIONS

Our Felt Cushions are made of first quality upholstery felt and best grade trimmings.

In quoting prices of Front and Back we mean that the two sides of the cushion are furnished with the lettering stitched on and without trimmings or pillow. The term Made Complete means that the lettering is stitched on and the two sides stitched together by machine over silk floss pillow and the edges bound with satin ribbon.

Made with any lettering and colors desired.
